

Name: _____

's family as we see in "
by _____

If you visited this family,

who would you see? Where would they be?	what might you see each of the family doing?	what sounds would you hear?	how would you feel as a visitor? Why?	what might you taste or smell?	what might you do together with this family?

What other features of this family have you noticed?

What techniques have the illustrator and author used to create your impression of the family? (note page numbers and events so you can refer to them in your final rap message.)
