

Rap sheet 1 for Rap point 1

Images used have come from free shareware.

Drag the pictures to where they should be on this line.

High Modality

Low Modality

Rap sheet 1 for Rap point 1 - answer sheet

Drag the pictures to where they should be on this line.

TEACHERS: This is what it should look like after students complete the task (minus the captions).

Tip:

- Copy this presentation (**save as** and rename Rap sheet 1 original) to have a back up of the original. Delete this slide on the version you will give to students.
- Students will need to work in PowerPoint's **normal view** mode NOT slide show mode in order to move the pictures

High Modality

Most realistic image plus high colour saturation

Black and white photos have a lower modality than colour photos.

This image has more realism but no colour or detail.

Colour images have a higher modality but cartoons have a lower modality than photographs.

Low Modality

Lowest modality because non realistic black and white image
